

## FRATELLI GELATO LOUNGE

Local Tucson brothers Seth and Trevor Zamar decided to open Fratelli Gelato Lounge to represent their Italian heritage. Family recipes are made and sold on-site. Designed originally to have a lounge feel with floating “clouds” and expensive light fixtures the “clouds” and lighting fixtures were saved for a 2nd phase when budget and time allowed for their installation. Still having a lounge atmosphere with plentiful seating the brothers invite you to sit back and enjoy one of their 27 flavors of gelato and other frozen Italian confections.

“Unlike at other ice cream shops, here, you’ll feel like you’re sitting in the middle of a Copenhagen furniture store: Décor and details matter”
